Indoor

Our indoor enclosures are fully climate controlled 4'x 5' areas with grates covering the ceramic tile floors. All pets boarded indoors are exercised individually both morning and evening in our grassy play yards.

Indoor/Outdoor

The fully climate controlled indoor areas measure 4'x 5' on the inside and each run has an outdoor cement patio measuring 4'x 10'. A doggy door allows access to the outdoor patio anytime the pet needs to use the bathroom. The doggy doors are accessible during the day, and at night the doors are closed for the dogs' safety.

Luxury Suites

Our luxury suites give the feeling of home. Each suite is a beautifully decorated 8'x 8' tiled room with a toddler bed and lots of fluffy bedding. Each suite contains a television, an internet camera (for our concerned parents), and is decorated with wallpaper and pictures to make it feel more like home. Our suites have a doggy door that leads to an individual patio for lounging, and each guest is let out to a grassy play yard twice daily.

King Size Runs

Our king size runs are twice as large as a normal run to accommodate larger breed dogs as well as multiple pets.

Buddy Sleepovers

The latest in cage free boarding. Have your pampered pooch sleep with our buddy (a trained staff member) as well as some of their canine companions. Romp and play in day care by day, snuggle and relax with a buddy at night.

Special Care Unit

Our special care unit is for our geriatric companions who need extra special attention. Our special care unit is situated in a quiet wing with no loud dogs allowed. The special care package includes mounds of fluffy bedding, special feeding (if desired), a moonlight playtime, and medications administered.

Toy Town

This is a special area designed for our tiny guests. It consists of both indoor and indoor outdoor facilities where there are no big dogs allowed. We recommend Toy Town for pets weighing less than 10 pounds, and each pet is exercised in an adjoining play yard twice daily.

Kitty City

Kitty city is for cats only. This room is located at the front office and is completely isolated from dogs.

Outdoor

Our Outdoor enclosures measure 4'x 12' and include a dog house. The patios are completely covered and protected from the weather, with heating and cooling systems in place. Pets are exercised twice daily in a grassy play yard.
